52ND PRIZE DECLAMATION CONTEST

Candidates from Three Lower Classes Deliver Declamations—All of Speakers Prove Excellent

PROF. LEWIS PRESIDES

The Fifty-Second McKinney Prize Declamation Contest was held Thursday afternoon at four o'clock in the College Chapel. Professor Calvin Leslie Lewis presided. The speakers all delivered their declamations in a vigorous and finished manner, and the speaking was equal to the best ever heard here on a Commencement declamation stage. The program was as follows, with the prize winners indicated:

From the Class of 1921:

Leon Appenzeller Davison of Watertown, "The Qualifications of a President"; William Lewis Pritchett, Jr., of Brooklyn, first, "The Bowmen"; John Dehn VanKennen of Ogdensburg, "Our National Honor"; G. Paul Whitbeck of North Troy, second, "The Spirit of France."

From the Class of 1922:

Dean Alfange, of Utica, second, "The Reactionaries"; Louis Tappe Ibbotson of Clinton, "The Grave of Ossowatomire"; Russell Gordon Miller of Utica, first, "Theodore Roosevelt"; William Joseph Woods of Clinton, "America's Debt to France."

From the Class of 1923:

Richard Manning Burke of Scranton, Pa., "The Strenuous Life"; Charles Sumter Langtry of Rochester, 'The Galilean Vagabond"; Strafford Peshine Riggs of Newark, N. J., first, "The Divine Fire"; Jay Gomer Williams of Rome, second, "Abraham Lincoln—Inspired by God."

The judges were Principal Henry D. Hopkins, '87. of New Hartford, Schuyler C. Brandt, '89, of Chicago, Ill., Principal Earle P. Watkin, '12, of Clinton, O. Gregory Burns, '14, of Clinton, and Owen G. Groves, '16, of Jamaica. W. Willard Thorp, '20, played organ selections after the speakers for each class had spoken and also at the beginning of the program.

—The University of Rochester has abandoned its tennis teams on account of lack of funds.

—Oberlin College will model its system of administration after the House of Representatives. Martin L. Davey recently resigned his seat in Congress to become Dean.

—In order to protect itself against possible loss, the Yale University Athletic Association has insured its baseball team against wet grounds in any of the scheduled home games, according to a statement made by General Manager Woodcock. If one-fifth of an inch of rain falls between 9 a. m. and 9 p. m. on the day of the contest the insurance is paid.

TRUSTEES HOLD ANNUAL MEETING

Appropriations Made for Additional Gymnasium Apparatus and Preliminary Construction of Covered Hockey Rink

TWO TRUSTEES RE-ELECTED

The annual meeting of the Board of Trustees was held Friday at 2 p. m., in Truax Hall. In the absence of Hon. Elihu Root, the chairman of the board, George E. Dunham, was selected to preside. The meeting was opened with prayer by Dr. M. W. Stryker.

The sum of $1,000 was appropriated for additional apparatus in the gymnasium. This will be provided before the opening of the fall term. It is intended to provide a covered hockey rink when conditions for building are more favorable. A preliminary appropriation of $15,000 was made to be expended under the direction of the executive committee and the committee on undergraduate activities.

Thomas R. Proctor and Daniel Burke were re-elected trustees for a seven-year term.

Professor Nelson Clark Dale left the Hill June 7 for New Glasgow, Nova Scotia, where he will be engaged in geological field work during the summer. He has been secured by the British Steel Corporation to investigate and appraise a new mining project on the west shore of Newfoundland. This corporation is capitalized at five millions of dollars and is the second largest steel corporation in the world. It will be Dr. Dale's task to determine whether the iron ore on the property which the corporation is developing is similar to the Lake Superior, the Clinton, or the Wabana type of iron ore. Dr. Dale expects to return to the Hill by the opening of college next fall.

CHANGES IN FACULTY

Two of the present members of the Faculty leave Hamilton College this summer to take up new duties in other institutions next fall, and three new faculty members will be here next fall.

Professor Robert Barnes Rudd, who has been Associate Professor of the English Language and Literature, goes to a private school in Wyoming. Doctor Hermon King Murphey, Instructor in Economics and Sociology, goes to the Carnegie Institute of Technology in Pittsburg, where he will teach the same subjects.

Frank Lester Patton, who is now teaching economics at New York University, will take Doctor Murphey's place in the Department of Economics. He holds the degree of A.B. from Ohio State University and the degree of M.A. from Oxford, where he was a Rhodes Scholar in History and Economics. He has been doing graduate work at Columbia.

Willard B. Marsh, '12, who is now teaching public speaking and debate at Carroll College, Waukesha, Wis., will be Associate Professor in the Upson Department, to assist Professor Lewis. Professor Marsh was formerly on the Faculty of Hamilton College and his return to the Hill will be a pleasing event to his many friends.

Owen Griffith Groves, '16, will be Instructor in the English Language and Literature, to take Professor Rudd's place. He holds the degree of A.B. from Hamilton and has been doing graduate work at Columbia.

—President Ferry spoke last Monday at the Commencement exercises of the Irving High School at Tarrytown. He will speak June 16 at Alfred University, which will celebrate on that date the conclusion of President Davis's twenty-fifth year as head of the university.

53RD PRIZE DEBATE HELD IN CHAPEL

Six Seniors Take Part—E. W. Couper Wins First Prize and Benjamin Dean Meritt Receives Second Prize

ARGUMENTS WELL DELIVERED

The Fifty-Third McKinney Prize Debate was held in the College Chapel yesterday afternoon at four o'clock. The proposition for debate was: For and against the Junior College in New York State. The men who took part were the six seniors who had stood highest in debate for the three years of the course.

The debate was opened by Meritt, who outlined the proof that the affirmative would put forth. The affirmative position was that the Junior College scheme was pedagogically sound, that there is a demand for such an institution, that the advantages would be great, and that in New York State there are excellent facilities for trying out the experiment. He spoke of the growth of the system in the West, and of the results which have been observed by educators who are interested in the matter.

Kennedy, who opened for the negative, suggested that much of the good that is claimed for the Junior College could be obtained by raising the entrance requirements for colleges and universities.

The second speaker on the affirmative, Covey, showed the need for some means of taking care of the abnormal overcrowding in the first two years of college courses. As a remedy for this congestion in the under classes, and to take care of those men who are now forced into business schools, he recommended the Junior College system.

Thorp, speaking on the negative, had an excellent grasp of the subject. He showed how easy it would be for the higher institutions to take care of the increased number of men by enlarging in some departments. His issue was that such a system is unnecessary.

Couper had the best knowledge of the question, and handled his issue in an interesting and intelligent manner. He showed how the New York system of educational control by the Regents is admirably fitted for instituting the Junior College system. He also explained the large saving in time and money that would be possible if one could take the two-year Junior College courses, and then go directly to a professional school.

Rosenthal's main point was that the Junior College would hurt small colleges, of which Hamilton is a good type. His speaking was somewhat more informal than that of the others.

After a few minutes deliberation,

The 108th Commencement.

This Commencement marks the conclusion of an unusually successful year for Hamilton College, and the record of the College in scholarship, sports and activities during the past year is one in which both undergraduates and alumni may well take pride.

During the past year, when so many college undergraduates found it hard to settle down to regular work after the end of the Great War, the men on the Hill got to work and finished the year with a scholarship record which equals that of any previous year. The athletic teams have played against powerful opponents during the different seasons of the year and have achieved creditable records. The activities have broadened out, competition for offices has been keen, and general activity has marked the whole year.

In the Class of 1920, the undergraduates will lose a powerful class. It has been the duty of 1920 as it was that of 1919 to establish firmly and perpetuate the traditions and customs of Hamilton which flourished before the recent war. It has done much to make that task a success. The unfinished work, which is by no means small, remains for the undergraduates of next fall to take up where the 1920 men were compelled to leave it.

With a larger faculty, and a greatly increased number of students on the Hill, the Alumni who have returned should be well pleased with the College. The College has now the material for a great future, which will do justice to the past records of Hamilton men. At the Commencement exercises Monday a tablet will be unveiled in the college chapel in memory of the thirteen men who died in the World War, defending the things for which Hamilton and Hamilton ideals have always stood. Their lives have added a glory to the name of Hamilton College. Their work will never be forgotten. It is the duty of the College, in memory of those men, to continue in its progress and to justify their sacrifice. This Commencement should be one of re-dedication for larger tasks as well as one of rejoicing over the tasks which have been well completed.

COLLEGE MEETING MAY 27

Undergraduates Elect Officers for Various Activities and Transact Other Business

The final college meeting of the year was held in Commons Hall Thursday evening, May 27. A college dinner preceded the meeting, and the gathering was enlivened by the singing of Hamilton songs.

Dr. Frank H. Wood presided, and the following undergraduate officers were elected for the coming year by the General Asosciation:

Manager of baseball, Gates, '22; assistant manager, Loveland, '23. Manager of musical clubs, Barron, '21; assistant manager, George, '22. Manager of The Charlatans, Seaver, '21; assistant manager, Arnold Smith, '22. Manager of basketball, Peck, '21; assistant manager, Nichols, '22. Manager of hockey, Maier, '21; assistant manager, Bennett, '22. Manager of intramural sports, Mulford, '22; assistant manager, DeWitt, '23. Manager of the Press Board, Seaver, '21. Members of the Honor Court, Pope and Arnold Smith from 1922 and Huntsman from 1923. Cheer leader, Ballot, '21; assistant cheer leaders, Maier and Wynkoop, '21.

The resignation of Earle P. Watkin, '12, from his office as an alumnus member of the Executive Council was accepted with regret, and Joseph Rudd, '90, was elected to fill the vacancy.

The revised Constitution of the Association was read and accepted. Among the important changes are the following: Provision for the awarding of the H to members of the basketball and hockey teams, the discontinuance of the managerial H, and the establishment of an H which will be of the same size and design for all branches of sport.

The meeting concluded with the singing of "Carissima."

The following men have been elected to Pentagon from the Class of 1921: Wallace Arthur Campbell of Binghamton, Roy Wilson Cowan of Ogdensburg, Raymond Gapp of Lyons Falls, Albert Louis Kaiser of New Rochelle, and John Dehn VanKennen of Ogdensburg.

—Philip C. Jessup, '19, has given up his Rhodes Scholarship and expects to remain at the First National Bank of Utica.

UNDERGRADUATE ELECTIONS

Since the last issue of **Life**, a number of undergraduate elections have been held, as follows:

The **Life** board has elected to membership from the Class of 1923, A. Laighton Seaver, Jr., Robert K. Heffron, and Philip W. Oby.

The board of the Hamilton Literary Magazine has elected to membership Angell Mathewson, '21, and Strafford P. Riggs, '23.

The track team has elected John E. Holler, '21, captain for next year.

The baseball team has elected Pirnie Pritchard, 21, captain for next year.

The Charlatans have elected the following officers: President, William M. Griffith, '21; Vice President, Thomas B. Pope, '22; Custodian, Strafford P. Riggs, '23.

SUMMARY OF TRACK SEASON

From the opening of the season with the victory over R. P. I. to the defeat by Union, track this year has been an unqualified success. The team went up against the men from Troy expecting a hard battle, but with the intention to win. It was a good contest, and the Buff and Blue won. In this meet the Hamilton men won by thehir superior speed on the cinders. R. P. I. had a few points' advantage in the field, due chiefly to the fine pole vaulting of Trow.

The Trinity meet was won by a large score. Hamilton took all but three first places, and in six of the events, took first and second. Holler again starred in the dashes, and in the hundred equalled the college record of 10 1-5 seconds.

The Buff and Blue beat Rochester in the field events. A few points were lost on the track, but these were more than balanced by the points won in the field. It was in this meet that Richard W. Kaiser broke the college record in the broad jump by a jump of twenty-one feet, four and a half inches. Holler would probably have broken the record in the two-twenty had he not pulled a tendon. He was going strong, and was gaining on Dunn, who had already begun the last sprint, when the tendon was pulled.

The Union meet was a defeat, but it is no disgrace to be beaten by such times and distances as the Union men were able to make. With Holler on the track, Hamilton would have been able to get an advantage in this division, but this would not have balanced Union's superiority in the field. The college record for the 220 low hurdles was broken by Pope, who reduced the time of 26 3-5 seconds to 26 2-5 seconds. The Union men were very strong in the field, and succeeded in breaking three of their own records.

A great deal of credit for the success of the season must go to Captain Couper, '20. He was a consistent performer on the track throughout the season, and was able to get his share of points from some mighty fast men. All the members of the team contributed largely to the victories won by the team. Captain-elect Holler, '21, starred in the sprints. He made fine time, was a large point winner, and equalled one college record. Under his leadership, the team looks forward to a successful season next year.

53RD PRIZE DEBATE HELD IN CHAPEL

(Continued from page 1.)

the rebuttals were begun. These were rather uniformly good, and some interesting matter was brought out.

Mr. Peter H. Keyser, Oberlin, '67, announced the judges' awards. The decision was given to the affirmative. First prize was given to Edgar Williams Couper, and second prize to Benjamin Dean Meritt.

The debaters were as follows: For the affirmative: Benjamin Dean Meritt of Vernon, Harold Walter Covey of Westfield, and Edgar Williams Couper of Binghamton. For the negative: Booth Hosford Kennedy of St. Albans, Vt., William Willard Thorp of Sidney, and Sydney Greene Rosenthal of Johnstown.

The judges were Peter Henry Keyser, Oberlin, '67, of Cleveland, Philip M. Hull, '76, Fred R. Burke, '97, of Binghamton, George H. Sicard, '06, of Utica, and George F. Wallace, '09, of liion.

TWO TENNIS MATCHES PLAYED

The Union tennis team defeated the Buff and Blue at Schenectady May 31. All of the games were fast and hard fought, but Welsh was the only one of the Hamilton team who was able to defeat his opponent in the singles. Wadsworth of Union won from Paton, the first two games resulting 6-4, 6-2. Ives lost to Gillespie 6-4, 6-0. Kay took two games from Coupe after a hard battle 8-6, 6-2.

In the doubles Paton and Ives lost to Kay and Gillespie after winning one of the sets. Wadsworth and Webb defeated Welsh and Coupe, but the latter managed to capture one set.

The second match of the season with Colgate was played on Colgate's courts, June 9, and resulted in a total defeat for the Buff and Blue. The absence of Welsh was greatly felt by the Hamilton team, but the men from the Hill fought hard. McLachlan of Colgate, after losing the first set to Ives, won the last two sets 6-4, 7-5. Coupe was defeated by Law, and Paton lost to C. M. Reed. E. R. Reed won from Fry.

The Reed brothers defeated Fry and Coupe in the first match of doubles while Paton and Ives lost to McLachlan and Law.

The tennis season has resulted in one victory, one tie, and two defeats for Hamilton. Considering that this is the first intercollegiate tennis schedule which Hamilton has had in ten years, the season has been successful.

In English Lit. Exam.: "Keats's poetry is very sensuous. It appeals to the eye, ear, nose and throat."

Super (rapping on desk): "Order! Order!"

Sleepy voice (in back of room): "A couple of sinkers with coffee."

"The secret of success in life"

—said DISRAELI

"is for a man to be ready for his opportunity when it comes"

IF any institution in America knows from personal experience the soundness of that statement it is the Alexander Hamilton Institute.

Every year the Institute has the privilege of discussing their business problems intimately with a great many thousand different men. And one fact stands out prominently in all those discussions:

Work; ambition; loyalty—all these will carry a man gradually toward his goal.

But the really big successes come to those men who have made themselves ready in some special way, and when that opportunity comes, have the knowledge and the self-confidence to reach out and grasp it.

$7,000 in one hour

RECENTLY an engineer, college trained, told his experience. He was employed in Springfield, Mass., at a salary of $3,000 a year. He learned that an important company in New York was seeking a manager for the Philippines, and presented himself in the President's office.

There was no question about his fitness, from an engineering standpoint. The question was whether his knowledge of business was sufficient for the variety of problems that would present themselves.

"Test me," he said to the President. "Send out to your files and bring in questions of the sort I will be expected to handle. For a year I have been fitting myself for an opportunity like this under the guidance of the Alexander Hamilton Institute.

"I have studied the fundamentals of selling and advertising, of costs and accounting, of traffic, foreign trade, and corporation finance. Give me a chance to show what I have learned."

At the end of the interview the contract was signed, at a salary of $10,000 a year. In that single hour his income jumped $7,000—because he was ready for his opportunity when it arrived.

Thousands of men have shortened the path to success

SINCE its establishment the Alexander Hamilton Institute has enrolled many thousands of men representing every kind of business and every department in business.

35 per cent of them were university graduates.

Most of them would have attained ultimate success even without the Institute. But the Institute did for them what it did for the man whose story is quoted above; it saved wasted years; it laid before them the experience and methods of the most successful men in modern business and said: "Use these as your own; fit yourself for your opportunity as adequately as tho you had spent years in moving from one department of business to another, mastering each by the slow process of practical experience."

The Advisory Council

THESE men, whom the Institute has already trained, are sufficient proof of what its training may do for you.

The other reason for your confidence is found in the men behind the Institute—the Advisory Council—consisting of:

Frank A. Vanderlip, the financier; General Coleman duPont, the well-known business executive; John Hays Hammond, the eminent engineer; Jeremiah W. Jenks, the statistician and economist; and Joseph French Johnson, Dean of New York University School of Commerce.

Send for This Book

IT will pay you, as it has paid so many thousand other college men, to learn all the facts about the Institute. They are printed in a 116-page book "Forging Ahead in Business". It is a book worth adding to your business library and it will be sent without obligation. Send for your copy today.

Doctors Prescribe John's Cascara Compound Tablets for Constipation

They have been prescribing them for years. Ask any prescription clerk...

John's Cascara Compound Tablets are the ideal agent for overcoming habitual constipation. IDEAL because they contain no irritating cathartics which apply the whip to the intestines, weaken the system and end by aggravating the very condition they were intended to relieve.

The gentle, thorough, laxative effect of Johns' Cascara Compound Tablets is due entirely to Johns' concentrated and refined extract of Cascara Sagrada, the "sacred bark" of the Aztecs, who knew its value in correcting constipation—the source of so much sickness and discomfort.

They relieve flatulence, nausea, vertigo, water brash, constipation and loss of appetite. They remove greasiness and sallowness of the complexion. They are a most efficient remedy for bilious attacks and sick headaches.

A Johns' Cascara Compound Tablet taken at night insures in the morning a natural and complete evacuation of the bowel contents. The continued use of Johns' Cascara Compound Tablets can be nothing but beneficial. Price, 25 cents.

SENIORS HOLD CLASS DAY

Exercises in College Chapel Friday Morning Celebrate the End of Senior Year

IVY PLANTED AT LIBRARY

The Senior Class of Hamilton College held its class day exercises in the Chapel Friday morning at 10:30 While the undergraduates, with the friends and relatives of the grave seniors, were waiting for the entrance of the Class of 1920, a loud yell of "Let her go!" was heard in front of Chapel. Then a senior, dangling from the end of a rope suspended from the tower window, gracefully swung into the open doorway. Then another and another came flying through the door and the class of 1920 made its novel entrance.

"Dick" Kaiser, as president of the class, made an introductory speech and introduced "Art" Thompson who narrated the history of the class. Hermon Foss then read the class prophecy.

John Riley spoke about the coming and going of vice in Hamilton. Crabbing, suping, hairio sutus, nicotino, liquor, and Dr. Bonham were listed as the vices, while Prex, Baldy, Dr. Murphey, and Statistica were numbered among the virtues.

A mock debate about the necessity of suping followed and "Cal" Lewis, impersonated by Bart Gorman, took the chair. "Ted" Turner, "Rabbit" Keane, "Addie" Keeler, and "Sid" Rosenthal spoke. The debate proceeded furiously until the judges granted the decision to "Sid" Rosenthal.

John Riley and Bart Gorman then presented the various members of the class with gifts. "Jack" Johnson received the Square.

After the conclusion of the program, the Senior Class gathered at the north side of the Library. President Kaiser spoke for the class and planted a spray of ivy after the college custom.

This was followed by brief speeches from the presidents of the three lower classes, wishing the outgoing seniors good luck and God-speed.

SENIORS HOLD DANCE IN GYM

The Senior Dance of the class of 1920 was held in the Soper Gymnasium, Friday evening, June 11, after the performance of The Charlatans. About 100 couples danced. The dancing started at eleven o'clock and continued until seven a. m. The affair was a fine success, and much credit is due the committee on arrangements, which was composed of the following seniors: Walter J. Keane, chairman, Robert Guy and Richmond S. Beeman. Music was furnished by Foster's Orchestra of Utica.

NOTICE!

The College Smithy will serve a luncheon for ladies in Truax Hall Monday noon, after the conclusion of the Commencement exercises.

BUFF AND BLUE TRACK TEAM DEFEATED AT SCHENECTADY

The Hamilton track team was defeated for the first time this season by the Union team at Schenectady on Memorial Day. Although the meet was not a victory for Hamilton, the college has every reason to be proud of it for four records were broken, and the results of every contest were unusually good. The Buff and Blue team was unable to make its customary record in the sprints on account of Holler's injurp received in the Rochester meet. This left the sprint squad rather crippled. Even with this handicap, the score for the track events was elmost even, as Union had an advantage in this division of only four points.

The cinder men started off well, Thompson winning the mile. Kaiser, '21, carried off third in this event. Thompson nearly equalled his best time, made in the Rocchester meet. That he is not a one-event man was shown a little later when he won the half-mile.

The quarter went to Union by eight points. The time of fiftytwo and four-fifths seconds was much better than in any other meet in which Hamilton men were entered this year.

The high hurdles were something of a disappointment, as the first two places went to the Garnet. The time here was also very good. Pope showed that Hamilton was not out of it in the hurdles when he carried away the two-twenty hurdles in a fifth of a second under the old college record of twenty-six and three-fifths seconds.

The hundred was won at the Hamilton record of ten-one. Holler had already equalled this, and it is probable that if he had been able to run, he would have taken this race. Peters took second in both of the short distances, and Pope took third in the hundred.

Yates and Parmelee took first and second respectively in the two-mile. The next to cross the line was a Union man, who was in reality out of the race because he was so far behind.

Union was especially strong in the field events. Two Union records were broken in this meet. For the first time this year, the Buff and Blue was entirely shut out in one event, the shot put. Union took all three places in this, the distance being thirty-seven feet three inches.

Jones, who tied Beekman as Union's high point winner, took the pole vault at the excellent height of eleven feet four inches. This broke the previous Union record. Fletcher and A. Warren took the other two places for Hamilton.

Rice's mark of five feet eight and a half inches in the high jump was about two inches better than he has done before this year. Davis of Union made second place, and Fletcher and Lawler were tied with Oram of Union for third.

Another Union record was broken when Beekman threw the hammer one hundred forty and seven-tenths feet. Edie of Hamilton took third. Union won the broad jump at about a foot under the distance made by Kaiser in the Rochester meet, when he set a new Hamilton record. Kaiser's second was Hamilton's only place in this event.

Beekman added a second record to his string by carrying off the discus. His throw was one hundred eighteen feet, eight and a half inches.

The results were as follows:

1 mile run: Thompson, H, first; McQueen, U, second; A. Kaiser, H, third. Time: 4 min. 41 2-5 sec.

440: Patterson, U, first; Potter, U, second; Couper, H, third. Time: 54 4-5 secs.

120 yards high hurdles: Hughes, U, first; Oram, U, second; Lawler, H, third. Time: 16 3-5 secs.

100 yards dash: Jones, U, first; Peters, H, second; Pope, H, third. Time: 10 1-5 secs.

2 mile run: Yates, H, first; Parmelee, H, second; Jansen, U, third. Time: 10 min. 41 secs.

880 yards dash: Thompson, H, first; Stebbins, U, second; third place to Union. Time: 2 min. 4 1-5 secs.

220 yards low hurdles: Pope, H, first; Oram, U, second; Riley, H, third. Time: 26 2-5 secs.

220 yards dash: Patterson, U, first; Peters, H, second; Jones, U, third. Time: 23 1-5 secs.

Shot put: Miller, U, first; DuBois, U, second; Beekman, U, third. Distance, 37 feet, 3 inches.

Pole vault: Jones, U, first; Fletcher, H, second; A. Warren, H, third. Height: 11 feet, 4 inches.

High jump: Rice, H, first; Davis, U, second; Fletcher, H, Lawler, H, and Oram, U, tied for third. Height: 5 feet, 8½ inches.

16-pound hammer throw: Beekman, U, first; Miller, U, second; Edie, H, third. Distance: 140 7-10 feet.

Broad jump: Carpenter, U, first; R. Kaiser, H, second; Oram, U, third. Distance: 20 feet, 4 inches.

Discus: Beekman, U, first; Lawler, H, second; DuBois, U, third. Distance: 118 feet, 8½ inches.

Score: Union, 75 1-3 Hamilton, 50 2-3.

THE CHARLATANS PLAY IN GYM

Give Fine Presentation of Three One-Act Plays Before Large Audience

WORK OF CAST EXCELLENT

The Commencement performance of The Charlatans was given last evening before an audience which taxed the seating capacity of the gymnasium. The three one-act plays presented were successful in every respect. It is too little to say that they were a fitting conclusion to an already brilliant season. In back-stage phraseology they "went."

The curtain parted for the first play, "Trifles", at almost scheduled time. The kitchen setting disclosed only served to indicate the tone of the play. This play has been called the most successful portrayal of rural American life that has ever been staged. Susan Glaspell has accomplished a matserly stroke in play construction in the composition of this tragedy of simple people. In a commonplace setting in commonplace surroundings, a most extraordinary emotional tragedy has been introduced. It was a difficult play and the work was fine for amateurs. Although the acting in this play was effective, the audience was left with the feeling that it should have been more convincing.

The high spot of the evening was reached in the second play, "Where the Cross is Made." Riggs, as Nat Bartlett, gave a good portrayal of the half-crazed son of a mad sea-captain, that brought the audience to the edge of the seats and held the suspense unbroken throughout. The lighting effects were particularly noteworthy. There was not a weak moment, and nowhere did the action fall. Not a few among the audience awoke from the spell cast by the acting with an involuntary shudder, when the lights came on. Repeated bursts of applause were silenced only by several curtain calls.

After the tense moments afforded by the preceding two plays, the touch of burlesque in "Food" rightly styled "A Tragedy of the Future", was welcomed by the audience. The combination of Greenwich Village Futurism, nonsense, and satire was rendered doubly amusing by the careful burlesquing of the actors.

Thorp and Fuller played exceptionally well in "Where the Cross is Made." The acting of Griffith in "Food" was also very good. The other actors deserve great praise for the fine support which they gave to the main parts.
